Notice.

The public are hereby informed that a Company has been formed under the title of THE QUANTICO WAREHOUSE COMPANY. who have erected, one mile below the town of Dumfries, a large and convenient Warehouse on Quantico creek, for the storage of flour, grain, etc. which warehouse will be ready for the reception of produce on Monday the third of February. The trustees of said Company have appointed Zebulon Kankey their Agent, to attend the said Warehouse, to receive produce on storage and grant receipts for the same. And for the prompt delivery of all articles received in the said warehouse by their agent, (fire alone excepted) the Company hold themselves bound. All persons depositing flour, grain, etc. must pay, before taken away, the following storage, viz. For each barrel of flour 6 cents; if it remains in said warehouse one month 8 cents; and in the same proportion for the time it may remain. For each bushel of wheat or other grain two cents; if it remains over one month three cents; and in the same proportion for the time it may remain. And for all articles of merchandise a reasonable storage only will be demanded. Persons storing flour may have it inspected, or not, at their option. If not inspected, the agent's receipt will specify the brand and the state of the barrels. The weight of one bushel wheat, running measure of each load or parcel of wheat. All articles stored, the same to be returned to the owner when called for, be it flour, wheat, other grain, etc. Customary allowances for wastage, etc. excepted.

Quantico Warehouse is situated on Quantico Creek, only two miles from its junction with the Potomac river, and all times navigable for lighters. There are belonging to this creek a sufficient number of lighters to ensure a brisk transportation down the creek of all articles stored. Vessels may be got to take produce to the district of Columbia, Baltimore, Norfolk, or elsewhere. The present freights are—To the district twelve and half cents per barrel of flour, and to Baltimore and Norfolk 25 cents from the mouth of Quantico. The proximity of this warehouse to a large extent of country, added to the goodness of roads leading to it from the westward being inferior to paved ones: It being owned by actual survey little more than 5 miles from Hay Market to Dumfries, it is confidently believed by the trustees, by this route greatly lessens the expense of transportation of produce even to the district of Columbia, and they pledge themselves to the public to use every means within their power to give satisfaction.

TO PARENTS AND GUARDIANS.

Extract from the Militia Law of the District of Columbia.

Sec. 23. And be it further enacted, That the respective courts of enquiry shall have power to cause to be bound for a term of years to the several commands of companies, battalions, and legions and their successors in office, as the case may require, such number of boys and young men, with the consent of their parent, or other person authorized, as they in their discretion may think proper, for the purpose of being instructed in the different branches of military music and of serving as musicians when they may be competent thereto to the several companies, battalions and legions; and the father of any youth who may be bound, otherwise subject to be enrolled, shall be exempt from all duty in the militia so long as his son so bound may continue to serve in the corps to which he would otherwise belong, as well during his apprenticeship as thereafter; and the several legions, courts of enquiry shall make provision from time to time for the clothing, maintenance, and the proper instruction of all such youths, to be paid from the fund arising from the fines imposed by this act; and the commanding officers of legions, shall cause the drummers and fiddlers and other musicians of their respective legions, to meet at the same times and places that commissioned officers are required to meet, for the purpose of being trained by the brigade inspector, or other officer, there to be instructed in their respective branches of music for which purpose the commanding officer of the legion may employ such person or persons as he may think proper and capable to instruct such drummers and fiddlers, and other musicians.

Spanish Consulate.

The port of Vera Cruz being now open to the importation of every species of provisions in every class of vessels belonging to powers or states friendly or neutral, as officially communicated to me by his excellency the governor of that place, under date 22d October ultimo: I have the satisfaction to announce to this public aid permission, with a view that it may also reach the knowledge of merchants in other states. The conditions on which the above commerce is admissible are as follow:

That, without any alteration in the duties which have been paid on the introduction of other provisions hitherto, the article of flour is subject to that of forty one reales (5 dollars 12 and half cents) silver money; & that its duration is for the space of six months, which not withstanding will continue six months after the declaration of the suspension of the said foreign traffic.

JOAQUIN ZAMORANO. Alexandria, 19th January, 1817.

JAMES KENNEDY & SON,

BOOKSELLERS, KING STREET,

Have just received from LEPP'S PATENT MEDICINE Store, No. 46

Maiden Lane, N. York.

A FRESH SUPPLY

Of the following genuine Medicines. For the prevention and cure of Bilious and Malignant Fevers, is recommended

Hahn's Anti-Bilious Pills

THIS Medicine has been attended to with a degree of success highly grateful to the inventor's feelings, in several parts of the West Indies, and the Southern & Middle States, particularly in N. York, Philadelphia, Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston, and Savannah. The testimony of a number of persons at each of the above places, can be adduced, who have reason to believe, that a timely use of this salutary remedy has, under Providence, preserved their lives, when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy, founded on mere assertion.

It is not, indeed, presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these Pills, taken once in every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative; and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation, and of every age. They are excellently adapted to carry off superfluous bile & prevent its morbid secretions—to restore & amend the appetite—to produce a free perspiration and thereby prevent colds which is so often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance—they are celebrated for removing habitual constiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

HAMILTON'S WORM DESTROYING LOZENGES.

Which have cured an immense number of persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in their stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of, as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and perfectly innocent, and is also mild in its operation, cannot injure the most delicate pregnant lady or the tenderest infant of a week old, could no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels, of whatever is foul & offensive, and thereby prevent the production of worms, and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

DESCRIPTION OF WORMS.

And the symptoms by which they are known:

Worms which infest the human body, are chiefly of four kinds, viz.—The Tænia, or large round worm; the Ascarides, or small maw-worm; the Cucurbitina, or short, flat, white worm; and lastly, the Tænia, or tape-worm, so called from its resemblance to tape. This is often many yards long, and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food, and sometimes voracious; purging, with slimy & fetid stools; vomiting; large and hard belly; pains and sickness at the stomach; slow fever, with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face coated and flushed.

Persons afflicted with any of the above symptoms, should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success, in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent the vomiting and purging of chint—a dreadful disorder, which annually destroys the health of the many part of our citizens & likewise the youngest and most

fair remedy known, and has restored to health and strength a great number who in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

Hamilton's Essence and Extract of Mustard.

A safe and effectual remedy for acute and chronic rheumatism, gout, asthmatic, gout, palsy, numbness, white swellings, chilblains, sprains, bruises, pain in the face and neck, etc.

The Genuine Persian Lotion. So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellant minerals, the basis of other lotions) and of unparalleled efficacy in removing blemishes of the face and skin, freckles, pimples, inflammatory redness, scurfs, tetter, ringworms, sunburns, prickly heat, &c. The Persian Lotion operates mildly, without impeding the natural insensible perspiration, which is essential to health, yet its effects are speedy and permanent, rendering the skin delicately soft and smooth and improving the complexion.

The Restorative Powder for the teeth and Gums.

This excellent preparation comforts and strengthens the gums, preserves the enamel from decay, and cleanses and whitens the teeth, by absorbing all the acrimonious slime and foulness, which suffered to accumulate, never fails to injure and finally ruin them.

Hamilton's Grand Restorative. Is recommended as an invaluable medicine for the speedy relief and permanent cure of the various complaints resulting from dissipated pleasures, juvenile indiscretions, residence in climates unfavourable to the constitution, the immoderate use of tea, frequent intoxication, or any other destructive intemperance, the unskillful or excessive use of mercury, the diseases peculiar to females at a certain period of life, bad lyings in, &c.

HAMILTON'S ELIXIR. Sovereign remedy for Colds, obstinate Coughs, Asthma, sore throats, and approaching Consumptions, and most disorders of the breast and lungs.

Hahn's genuine Eye Water. A sovereign remedy for all diseases of the eyes, whether the effect of natural weakness or of accident.

Tooth Ache Drops.

The only remedy yet discovered which gives immediate and lasting relief in the most severe instances.

Two Runaway Boys.

Ran away, on the 8th December 1816, from the Clifton Factory, in St. Mary's County, Maryland, two apprentice boys, named

James Allen & Wm Hilton, each about 17 or 18 years old. Allen has a round face, small hands and feet, stoops forward when walking, speaks slow, and is small for his age—he has a mother living in Alexandria by the name of Downs, whose husband, Bernard Downs, is a waterman. Hilton, also speaks slow and smiling, lifts his feet high and stoops when walking, has large feet and remarkable long great toes; he has a grand mother living near Chaptico, St. Mary's County, Maryland, who is the only relative he has living. Their clothing is country made, unless changed for deception.

All masters of vessels and other persons are hereby warned not to harbor or employ said apprentices at their peril. Hilton has always had a desire to follow the water, therefore will probably be following about the docks of the town.

They have gone off without the least provocation or offence either on their part or on the part of the Company to whom they are bound to learn the manufacturing business.

Ten Dollars for each, or either, will be paid by us, to any person who will take up and secure these boys so that we get them again, and if brought home all reasonable charges paid by
